

St Valentine's Day Gift Tokens

An alternative gift for your loved one this Valentine's Day!

This World Meeting of Families initiative is inspired by the Joy of Love, a letter from Pope Francis in which he emphasises the importance of time spent together and good communication as foundations for a love that lasts.

Instead of buying a gift for each other, couples commit to time together - a meal, a walk, screen-free time ...

With St. Valentine's Day falling on Ash Wednesday, this is a chance to think outside the chocolate box!

You can pick up a book of gift tokens in the church from 10/11 February.
