

Summary of Parish Council meeting on Monday 9th September 2019

- **Child Protection** – A talk on Child Protection will take place at upcoming Masses.
- **Live streaming of Masses** – Our Masses are live streamed and recorded for the website in the Church. They are deleted after a month. There is a notice in the Church courtyard about it.
- **Matt Talbot** – Matt Talbot Prayer Cards can be found at the back of the Church.

Holding a Mass once or twice a year for people who suffer from addictions is being considered. Healing Masses already held in the Church have been successful.

- **Dublin Diocesan Website Survey** – The survey shows that information for the Sacraments, Communion and Confirmation, are left to the responsibility mainly to the teachers in the schools. Parishes need to involve parents in the information of their children for the Sacraments.
- **Team Hope Initiative** – There was a meeting in Blanchardstown before summer. They are looking for more people to get involved. Training will be provided.
- **Meet and Greet** – We are hoping to have members of the Parish Council meet and greet parishioners before Masses. It will depend on availability.
